Re: Possible Speaker & Facilitator

Dear Sr. Minister:

Below is a greeting from Carol S. Batey, the author of three books and a workshop facilitator and speaker at the Living Truth Center. I believe that she would be a blessing to you and your congregation. Enclosed is a copy of her latest book for your review and consideration.

Hello! My name is Carol S. Batey and I have the perfect book for your congregation and bookstore! It is a guide to discovering your soul's purpose and facilitating your own personal transformation while staying balanced. Do you know anyone who desires such a transformation?

This motivational book is my personal story, an insightful journey about re-creating myself in every way - from physical health to career path to personal growth. Through this journey, I recall my childhood destiny to become a model and author books. After raising six children during my 21-year marriage, I reinvented myself. Today, at the age of 54, I am a model, writer and Spiritual Lifestyle Coach.

***“Poise for the Runway of Your Life,”*** will empower, heal, inspire and instruct how to change all aspects of one’s life from fitness regimen to profession. The tools in this book can be incorporated into the lives of your congregation in order to help them lead stronger, better lives. In addition, I present workshops on the same topics; providing readers with additional resources should they need them. Recently, I have presented at the Living Truth Center in Cleveland, Ohio. My 2<sup>nd</sup> book, ***“In Due Season: Destiny Is Calling Your Soul”*** is being sold at Christ Universal Temple and the Living Truth Center for Better Living. ***“Poise***

***for the Runway of Your Life,***” is currently being sold as well. As well as Rev. Michael Beckwith’s Quite Mind, bookstore and Hillside Chapel in Atlanta.

I have a story to tell! Please contact me for copies of my books for your bookstore or to learn how to set-up workshop. Or you may order them from [www.BarnesandNoble.com](http://www.BarnesandNoble.com) , me or [www.authorhouse.com/carols.batey](http://www.authorhouse.com/carols.batey). Additionally, I would be happy to come to your center for a book signing at any time.

Destiny is calling!

***“Poise for the Runway of Your Life”*** (ISBN 1449034497) is available now. If you are interested in purchasing any of my books, I would be happy to assist you! Just call me or send an email.

Thank you,

Carol S. Batey

Dear Spiritual Director,

Carol S. Batey has been attending our center on a regular basis for the past few months as well as attending Science of Mind classes. She has shared her books with me and I have had the pleasure of doing Spiritual Mind Treatment work for her. She is a beautiful woman with a rich life experience and shows much promise as a teacher and healer. It is my impression that she has much to give and share and would be a blessing to your congregation. She has a deep spiritual hunger and has expressed much spiritual understanding and wisdom in her willingness to share in class. I expect to see her ministry grow because of her commitment to self growth, openness to Spirit and her Science of Mind studies. She is worthy of the opportunity you can provide at your center. I trust that her work and presence will speak to the hearts and souls of the perfect people in your congregation. Thank you in advance for your consideration of this lovely lady.

Blessings, Rev. Dyann Woody [www.MCCSL.org](http://www.MCCSL.org)

## Testimonials

"Carol S. Batey is charismatic, a force to be reckoned with. Her new book, In Due Season, is inspirational not just to little girls with big dreams, but for adult women who forgot what their dreams were at children. She proves that, after raising six kids and having to attain the goals set out so long ago."

-- Julie Schoerke, Nashville, TN

"WOW! Awesome! Moving! Spiritual! Refreshing! Carol Batey has hit all the points in her compelling open discussion about how we can move into our destiny. She has illustrated both the physical and the mental recipe for a life of peace and joy by living in faith, through the "Word of God." She has shared her own personal experiences to vividly bring to life her message to the readers. This is a book not just for those in the field of Performance Arts, but for everyone, for life is a real live performance with many Acts, and god is watching us all!"

-- Sherrell F. Batey, Teacher, Inspirational speaker, Theology Student

"I just finished reading your article in The Oracle. It is an inspiring story, sure to make a difference in many people's lives. Congratulations, Carol! It's your time!!!! I personally love being 51. Yesterday was my birthday. There is a real sense of freedom and adventure when you reach this age, isn't there. It's as if I took two years worth of my journal writings and condensed them into two pages and summarized the journey I have been on. What a wonderful journey it is, too!"

I am excited to wake up and feel the connection each day. Thank you for sharing your thoughts.”

-- Marigrace

“I was greatly, inspired by your story to continue to pursue your life long vision to become a model and be in the fashion industry. I'm encouraged not to give up my own vision after reading about your "trails and obstacles" that crossed your path. I realized that I have to continue my journey. I must visualize my purpose or dream stay focus and ask the creator for guidance. The word LIFE=Lead, Inspire, Faith, Empower. My intention is to utilize my artistic gifts to bring not only my dreams into reality but also help others...”

“Thank you Carol. I really needed to hear something like this today. I have a lot of dreams and desire of my heart that I pray one day will come to pass. I believe that God will and is able to fill all of my heart desires. Thank you. There are a lot of things us as human cannot see. But, God is able and willing to make a way out of no way.”

You reached out to the participants of Project Renewal and your energy and enthusiasm for l8ife was contagious. “While attending my first 'Your Destiny Awaits You' workshop in Dec-2007, you had the participants write down what they wanted to achieve in the new year, what we wanted to give up, and what we wanted to step into. I listed all 3 items, and after the workshop, forgot about the pieces of paper. Then one year later I attended my second 'Your Destiny Awaits You' workshop in Dec-2008. Not only was I inspired again to walk in my Destiny, but I learned even more than the first time. The principles seemed

to build on the previous year's lessons. Again I found myself listing 3 new items. What was amazing was that when I got home, I found the papers from the first workshop, and I marveled. I had achieved everything I had written down. Then I just smiled because I knew the items I had written in the 2nd workshop were indeed going to come true. Carol's teachings are life changing. She truly assists you in stepping into the Destiny that awaits you. I would highly recommend her workshops, books, and other speaking engagements. If you open up your heart you won't remain the same, you will walk right into what God has for you - Your Destiny!!!"
